Dear Dr.Robinson:

I was delighted to receive your letter and you are right that I never will fail in my friendship for you. I assure you that you were not making bold in asking me to do something which gives me great pleasure. Surely I will have a card for you at the Union League on May 3rd and I hope that whenever you come to town you will let me know, as I will esteem it a great privilege and pleasure to do anything I can for you.

I hope Mrs.Nicholson and I may have the opportunity of having you at least take a meal with us.

With kind personal regards to Mrs. Robinson and yourself, I am

Cordially yours,

E W Nicholson
